

## ***Enterprises Enhanced by VET Forums – EOI date extended***

**Registrations to attend, through an expression of interest, will now be accepted until Friday 25 July, 2008.**

Reframing the Future is facilitating interactive forums in Perth, Adelaide, Sydney, Brisbane and Hobart during August 2008.

The *Enterprises Enhanced by VET* forums will enable training providers (RTOs) and practitioners to discover strategies to assist enterprises to diagnose, predict and tailor training to fit their workforce development needs.

The forums will be of high value to people with responsibility for improving their training organisations' structures, cultures and processes or for building the capabilities of training organisation staff.

The dates and locations of the forums are:

**Perth**

Monday 11 August 2008

**Adelaide**

Wednesday 13 August 2008

**Sydney**

Tuesday 19 August 2008

**Brisbane**

Thursday 21 August 2008

**Hobart**

Wednesday 27 August 2008

To download a detailed information flyer and an expression of interest (EOI) form, visit [www.reframingthefuture.net](http://www.reframingthefuture.net) Participants will be notified about specific times and venues on Thursday 31 July. A registration fee of \$100 (plus GST) will be charged.

The **Most Significant Change (MSC) technique** has been adapted for use in the forums. This technique offers a participative, engaging and systematic method for discovering and building on positive aspects of successful approaches to working with enterprises. A paper on the MSC technique is available from [www.reframingthefuture.net](http://www.reframingthefuture.net)

The forums will be facilitated by John Mitchell from John Mitchell and Associates and Suzy McKenna, National Project Director, Reframing the Future.

*Enterprises Enhanced by VET* builds on previous influential Reframing the Future initiatives such as *Professional Judgment in VET* (2005), *RPL - Done Well in VET* (2006), and *Continuous Improvement in VET* (2007).

Two forums will also be held in Melbourne in November in conjunction with Reframing the Future's *New Ways of Working in VET Forum 5*.
